EDUCATION

Quaid-e-Awam University Of Engineering Science & Tech, Nawabshah - Graduation

Dec 2021 - Present

I am Studying B.E in Software Engineering in 2nd year 3rd Semester

PROFESSIONAL SUMMARY

I'm an Expert in creating websites. I have a strong understanding of programming languages such as HTML, CSS, JavaScript, Php, and potentially other languages depending on the requirements of the website. I have a good understanding of web development frameworks and libraries, such as React, Tailwind, Laravel, and Bootstrap.

A web developer should be familiar with web design principles, including user experience and user interface design. I develop responsive websites that are optimized for different devices and screen sizes. I have knowledge of web server configuration, security, and deployment. In addition to technical skills, I have good problem-solving and communication skills. I like to work collaboratively with other developers, designers, and stakeholders to ensure that websites meet business requirements and are delivered on time and within budget. I keep myself up-to-date with the latest trends and technologies in web development.

PROJECTS

Cloud Notes [GITHUB](#)

- ★ Mern Stack app for saving your notes/tasks on the cloud so that you can access it anytime & anywhere.

INSTAGRAM Clone [GITHUB](#)

- ★ Instagram clone using Mern Stack work is going on soon.

My Portfolio

Mrsajid.netlify.app

SKILLS

Frontend Web Development **80%**

Problem Solving **75%**

Data Structures & Algorithms **85%**

Task Orientation **100%**

C++ **85%**

Backend Development **75%**

PROGRAMMING LANGUAGES

JavaScript and Php

Also Familiar With C++ & C

TECHNOLOGIES

Monogodb, node, react, express, laravel, mysql, html, css
